

Southern Blue Monkshood

Aconitum uncinatum L.

Family:	Ranunculaceae
Habitat:	Moist woods and clearings
Color:	Purple
Height:	2-5 ft
Exposure:	Partial sun
Bloom Dates:	Aug-Sept
Soil Moisture:	Moist
Soil Quality:	Rich
Garden Uses:	Accent plants in late summer sunny to partially sunny garden.
Notes:	Best in mountain locations. Flowers are rich shade of royal purple; lacy leaves add nice foliage to garden. Trailing stems can be trained through shrubs. Nectar plant for several insects.
