# The Nature Foundation at Wintergreen Bringing Nature into the Classroom

Each year, we reach 2300 students across Nelson County and the surrounding counties through onsite and in-school Environmental programs. From stream surveys to story time, our programs meet Virginia's Standards of Learning and provide students with hands on learning!

Sample Programs:

- Use Your Senses
- What's up with the Weather?
- Discover Virginia's Ancient People
- Stream and Pond Studies
- Animal Classifications
- Forest Ecology

Our fun and innovative programs help foster a genuine love for the land through natural science studies such as; wildlife, botany, biology, environmental science and so much more!
